Faculty Positions, Department of Biomedical Engineering, University of Minnesota, Minneapolis, MN

Position: Faculty Positions  
Organization: Department of Biomedical Engineering, University of Minnesota  
Location: Minneapolis, MN  
Deadline: 02-28-10

Description:

The Department of Biomedical Engineering at the University of Minnesota-Twin Cities Campus invites applications and nominations for a full-time tenure-track or tenured position. Rank will depend upon the qualifications and experience of the candidate. Candidates in all areas of bio/biomedical engineering are encouraged to apply. Areas of interest include but are not limited to: cell/tissue biomechanics, neural and cardiovascular engineering, cellular bioengineering, and next-generation medical devices.

Qualifications:

The successful candidate is expected to develop a robust externally-funded research program, initiate interdisciplinary and collaborative research, and engage in scholarly publication. She/he must have a strong commitment to excellence in teaching undergraduate and graduate students, especially advising Ph.D. students. Excellent opportunities exist in the department for interaction with medical school faculty located in the adjacent Academic Health Center and with the numerous medical device companies around the Twin Cities. Information about the department can be at http://www.umn.edu/bme.

Phone: 612-624-4507  
Fax: 612-626-6538  
Email: bmefs@umn.edu

Applications for these positions must be completed online via https://employment.umn.edu (#163324/163325). Please upload a letter of interest, curriculum vitae (including a list of publications), research plan, and statement of teaching interests, and complete contact information for three references. The research plan (3-5 pages) **must include specific plans for at least one initial research project** as well as indicate the broad scope of research interests. The application deadline is February 28, 2010, although interviews may begin in the fall of 2009. Questions regarding the search may be directed to bmefs@umn.edu.
