

About EOE

Established by the Cockrell School of Engineering, EOE seeks to increase the diversity of its student body by supporting students who come from historically underrepresented population groups in Texas or students who have backgrounds or experiences that will contribute to the overall diversity of the Cockrell School of Engineering at UT Austin.

EOE Corporate Supporters

Thank you to all Partners for Academic Excellence that support EOE in its efforts to achieve its vision of a more diverse student-body and engineering profession. Partner funding levels and recognition opportunities are described in more detail at <http://www.engr.utexas.edu/eoe/support>.

Equal Opportunity in ENGINEERING Program

2011-2012 Calendar of Events
The Fall Kick-Off August 25, 2011
EOE First Year Interest Group Seminars Every Thursday - Fall & Spring Semesters
EXPO 101 & 201 September 8, 2011
EOE Partners for Academic Excellence Meeting September 21, 2011 • February 3, 2012
Considering Grad School: Workshop Mini-Series October 5, 2011 • October 12, 2011 October 19, 2011 • October 26, 2011
Longhorn Engineering: The Power to Shape Your World September 17, 2011 • August 10, 2012
Texas Science & Engineering Festival November 5-6, 2011
EOE Career Development & Leadership Seminars Every Thursday - Spring Semester
Industry Super Bowl January 27-28, 2012
EOE GuideRight March 3, 2012
Leadership Empowerment Weekend April 13-14, 2012
Excellence Awards Banquet April 26, 2012
My Introduction to Engineering June 3-8, 2012 • June 10-15, 2012

2010-2011 EOE Partners for Academic Excellence
Platinum Chevron • ExxonMobil • National Science Foundation Semiconductor Research Corporation & Intel Texas Workforce Commission
Gold Caterpillar • ConocoPhillips • Shell Oil Company
Silver Bechtel • BP • Dow • Friends of Alec General Motors • Lockheed Martin • Marathon Oil NSBE • Texas Higher Education Coordinating Board
Bronze Boeing • Chevron Phillips Chemical • Fluor • Google
Friend 3M • CH2M Hill • Central Intelligence Agency General Electric • IBM • Life Technologies National Instruments • Schlumberger Texas Instruments

PARTNER

Recruitment

The Cockrell School of Engineering seeks to increase the diversity of high school students entering the engineering pipeline by providing recruitment initiatives that convey the importance of strong academic preparation.

EOE works with industry representatives, professors, current engineering students, teachers, counselors and parents, all essential contributors to a student's support network, to encourage high school students to attend college and pursue engineering careers.

EOE Recruitment Initiatives include visitation programs, summer camps, hands-on activities and workshops designed to motivate and inform prospective students about academic and career opportunities in engineering.

Recruitment Initiatives
My Introduction to Engineering
Longhorn Engineering: The Power to Shape Your World
EOE GuideRight
EOE Visitation Programs
Regional STEM Programs & Activities
Recruitment Tracking & Scholarships

Academic

EOE Academic Initiatives help students establish a strong academic foundation and promote the formation of a peer support network. EOE provides all engineering students with educational support services that promote academic excellence.

Students have the opportunity to take advantage of EOE services which begin during summer orientation before freshman year and continue through graduation, the final destination.

EOE promotes the concept of academic leadership within the engineering student community. Academic leadership is not just having a high GPA, but also includes a student's ability to encourage, lead, and support other students in the community to pursue overall excellence.

Academic Initiatives
The Fall Kick-Off
EOE First Year Interest Groups
Engineering Peer Leaders
EOE Tutoring Program
Texas Research Experience
Considering Graduate School: An EOE Workshop Mini-Series
Diversity Scholarships

Leadership and Professional Development

EOE Leadership and Professional Development Initiatives provide students with maximum exposure to engineering professionals working in industry. These professionals coach students on sharpening their job searching skills and other career development topics.

EOE also collaborates with the following student engineering organizations to provide valuable leadership and professional development opportunities to the student community:

- Pi Sigma Pi Minority Academic Engineering Society
- National Society of Black Engineers (NSBE)
- Society of Hispanic Professional Engineers (SHPE)

Leadership & Professional Development Initiatives
Academic Leaders Hall of Fame
Industry Super Bowl
Leadership Empowerment Weekend
Excellence Awards Banquet
Career Development & Leadership Seminar
MentorNet
EXPO 101 & 201
Pi Sigma Pi • NSBE • SHPE
